UNLEASHED!

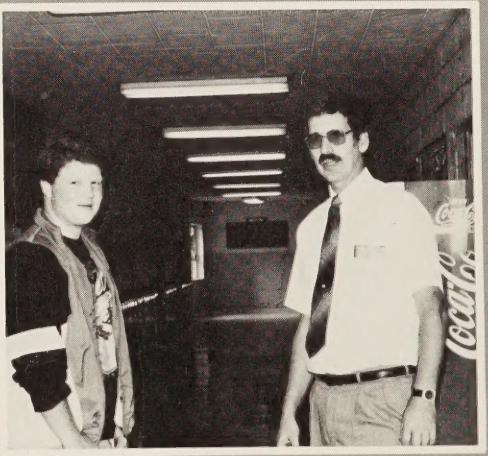

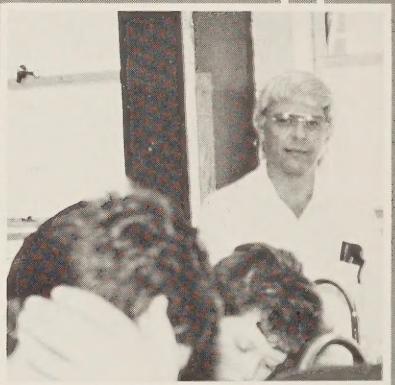

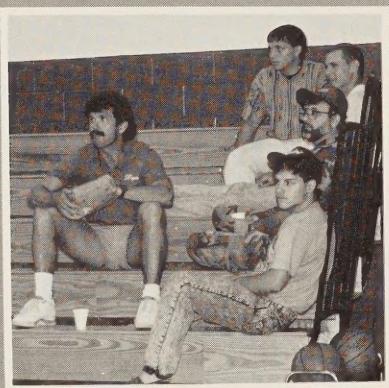

The Nineteen Ninety-Two *Thunderbolt* staff has aspired to produce a yearbook that focuses on everyone. It is the entire student body that makes the yearbook possible. You provide us with the atmosphere and attitudes necessary to create the yearbook. Without you the yearbook would not be possible.

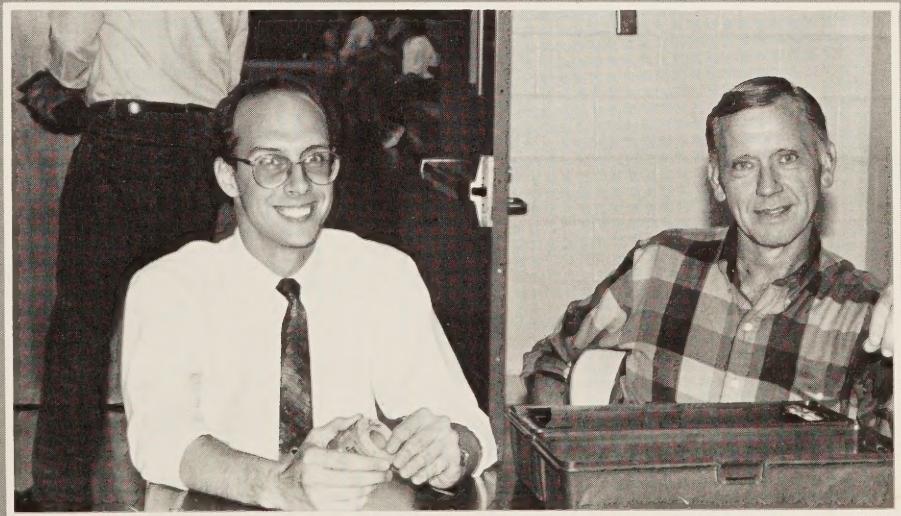

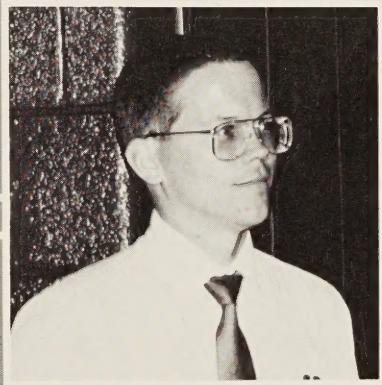

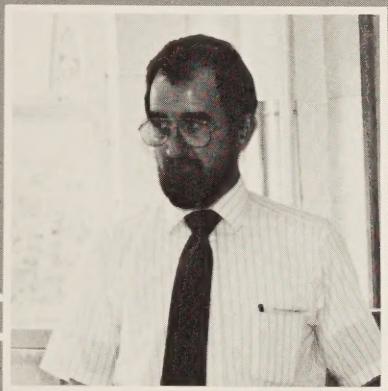

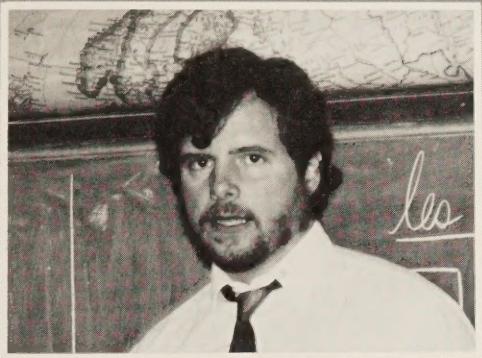

Many times, yearbooks center on the most popular students in school. This is unfair to the other students, and perhaps sends the message that they are not part of the school. Everyone deserves his or her own share of the lime-light. The *Thunderbolt* staff and I hope this has been achieved. It is our wish that you will turn these pages and find yourself **UNLEASHED!**

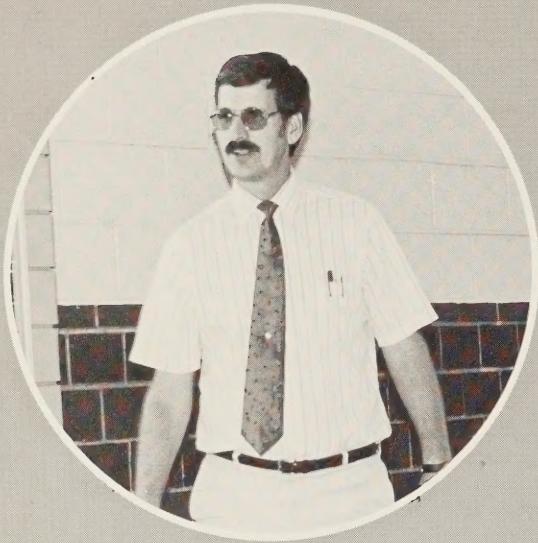

STAFF

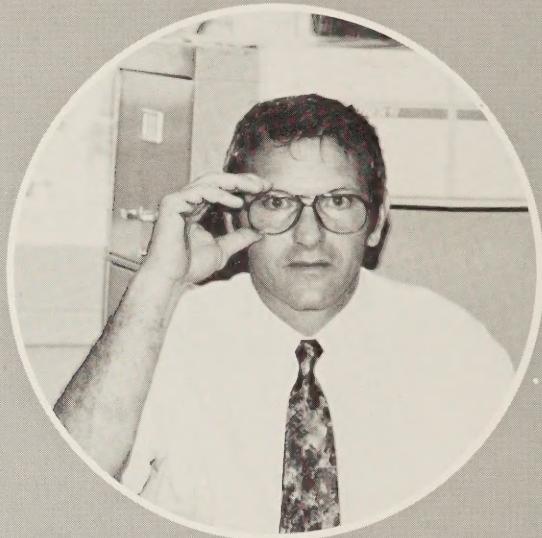

ADMINISTRATION

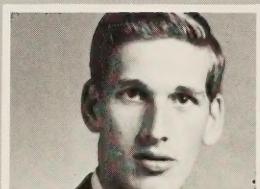

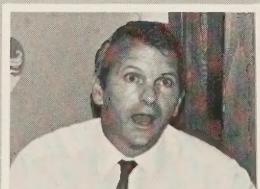

To the Senior Class 1992 I wish to congratulate you on completing your work at Haysi High School. You have finished a most important step in becoming responsible citizens. I am sure that the many experiences you have had as students at Haysi High School will serve well in guiding you toward a successful and meaningful future. I commend you for your many accomplishments as students of Haysi High School and encourage you to continue working to improve your skills and expand your knowledge. The success you have in the future will be determined by the sacrifices you are willing to make. It has been a pleasure for me to have a part in your education. As a former graduate of Haysi High, I am especially proud of the accomplishments of our school, both in academics and in athletics.

I would like to thank all the seniors of Haysi High School 1992 for their outstanding contributions and dedication toward making our experiences, both academic and extra-curricular, truly unique. The only regret is that I was only able to be with you for one year but that year has been filled with twelve years worth of excitement! You have now set the stage for even more wonder and adventure . . . the joy of discovery as you experience and conquer that huge universe out there . . . continue to question, be curious, strive, reach out, set your goals higher and higher, persevere . . . I am counting on you.

Starting in the back row, team members include: (left to right) Jamie Hacney, Chris Wood, Willie Caudill, Dewayne Gilmore, Brad Counts, Eric Bailey, Jeremy Ratliff, Asst. Coach Ron Compton, Tito Mock, Carlos Gulley, Coach Larry Compton, Brian Yates, Chris Gilbert, Manus Musick, and Chris Sutherland

When people think of great teams, it is usually the starters that come to mind. The 1991-92 Tigers field an extremely talented starting line-up. The team showcases a pair of 1,000 point scorers in Carlos Gulley and Jamie Hackney. Next comes the duo of Chris Wood and Tito Mock, who are excellent all-around players. Each can pass, rebound, and shoot, with anyone in the area. Then there is Chris Sutherland, who runs the point, distributes the ball where needed, and does anything he can to help the team. The Tigers are also fortunate to have an overwhelming abundance of other gifted athletes.

One of the most interesting characteristics of this team is its depth. Many teams consider themselves lucky if they have three "good" players. Haysi not only has a superb starting unit, but an excellent backup unit as well. As a matter of fact, Haysi's 2ND unit may be the second best team in the district, behind the 1ST unit of course. When the 2ND unit takes the floor, it generates a spark of enthusiasm that often increases the lead, and sometimes even provides a lead. The 2ND line-up contributes uniquely to the team effort.

This trait makes the 1991-92 Tigers a team which can never be duplicated.

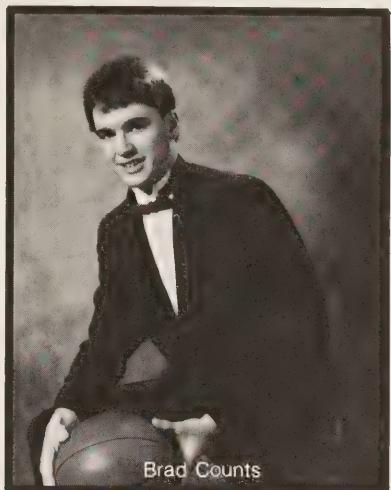

This group of Senior boys will always be remembered as one of the finest basketball teams to pass through the halls of Haysi High. They have made appearances in the Virginia High School League State Tournament in their Sophomore and Junior years. They have captured district, regional, and numerous other championships. High expectations precede their final season. With age and experience leading the way, this season should be another banner year. In the years to come, these players can reflect back with fond memories on these accomplishments.

This year the Tigers will be a senior dominated team, much improved from last year. The experience from the 1991 season will be great help to them. The Tigers started out to a bad start (0-4), but rallied to win four straight and finished with an 8-8 record. They look to UNLEASH their talent this 1992 season and be a better team.

1991 BDD AND REGION D CHAMPIONS

1991 looked as though it was going to be another great year for girls basketball from the start. With four returning starters and eight returning players in all, they were picked by everyone to defend their district title and possibly accomplish the goal they set when they came up to varsity in the ninth grade, to make it to the state competition. Who would have ever dreamed that they would go undefeated with 25 straight wins, a district tournament title, a district season title (12-0), a region D title for the 1st time in the history of girls basketball at Haysi High School, before they would lose to Patrick Henry in the state quarter finals. For the first time in the history of any sport at Haysi High School, the girls had a team ranked #1 in Southwest Virginia. In addition to these titles there were several individuals receiving awards: Ron Compton was named BDD and Region D Coach Of The Year; Ambra Deel, Amanda Counts and Chrissie Rice were named on the all-district team, the all-region D team, and the all southwest Virginia Team; Janet Silcox was also named on the all southwest Virginia Team. Amanda, who accomplished one of her personal goals by scoring 1000 points and getting 1000 rebounds, she was also named BDD & Region D player of the year.

When Coach Compton was talking about this "fantastic" season he gave the credit of the success to the girls' "dedication to accomplish their goals set as freshmen to go to state."

Through hard work and dedication the 1991-1992 Girls Basketball Team has accomplished everything they set out to do. Along the way they have gained the recognition and respect they deserve.

Amanda Counta & Ron Compton BDD & Region D Coach and Player of the Year.

Amanda Counts 1000 points and 1000 rebounds.

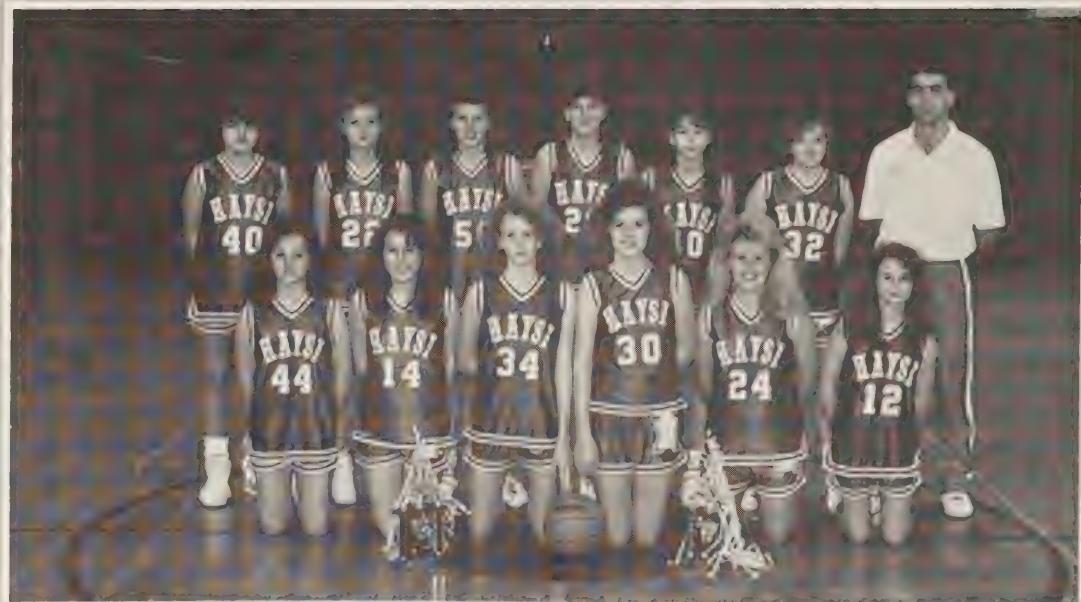

SENIORS

JUNIORS

The 1991 J.V. Girls basketball season proved to be a very enjoyable and successful experience for the entire team. As expected the Lady Tigers were the team to beat. Coaching this group of girls was especially nice and rewarding experience, as several will be moving up, I wish them all great success and thank them for our 15-5 season and both championship seasons.

TEAM ODYSSEY

Team Odyssey is a gifted education program at Haysi High School. Its purpose is to provide, for those students who have been identified as gifted, independent enrichment instruction via special interest classes, individual projects, in-classroom enrichment, and independent study. Independent study and instruction under the supervision and guidance of qualified personnel enables the student to explore the subject beyond the limits of the regular classroom. Independent instruction and study obligates the student to participate beyond the requirements of the regular classroom. Examples of such independent instruction and study include special projects, indepth study, critical analysis, and other enrichment exercises. Areas of study include social studies, science, mathematics, foreign language, speech, drama, journalism, literature, the English language, music, business, and virtually any special area in any field of study currently offered at Haysi High.

The Electronic/Distance Learning Program refers to course instruction sent via satellite from a central location to students across the state of Virginia.

Students at Haysi receive instruction from Wise Vocational Center. Five classes are available through this program — Latin I, II, III, A.P. English, and A.P. Calculus. We currently have a total of seventeen students enrolled in Latin I and Latin II.

The students view the classes through the satellite hook-up in rooms 400 and 404. They communicate with their instructor in Wise and other classmates across the state by telephone. They receive and send work through the mail and by FAX.

This innovative learning system is very effective and its increasing popularity is evident through the growth in the enrollment in its various offerings.
